Gearbox: Brevini (Italy)

Drive System: **ABB**

Control System: PLC Siemens (Germany)

Total Drive Torque: 25,500 Nm

Total Pulling Force: 145 kN

Straightening and Withdrawal Unit Steel Billet Casting Line Withdrawal and Straightening Machine
The gearboxes used in the SW Steel Billet Casting Line Withdrawal and Straightening Machine
are designed based on Brevini Power Transmission, Italy engineering designs and specifications,
and are manufactured accordingly for reliable and high-torque operation.
